JCCM Updates

We continue to transition our documents to a new system (CSN 3.0).

Our accreditation is due October 2022.

Provider Rate Increases: Supposedly effective July 1, 2022 although no information has been dispersed.

We ended our year with a net profit of \$23,832.06, which is the most since Medicaid Modernization was implemented. This is due to the hard work of the Case Managers. This profit does not stay with JCCM, it is allocated back to the Johnson County general fund.

Provider Up-dates:

- Lots of staff turnover at Abbe Health.
- Habilitation Services has a number of rule changes. Training to be provided.
- Many continuing issues with Iowa Medicaid Provider Services-difficult to get any information.

ZOOM Meeting suggestion-I will check with other members of the board and see if this is an agreeable option.

Adjournment: 1:00 pm

Next Meeting: Monday, September 12, 2022; Noon in **Room 214B**
